Church Sets Service in New Building

The ONLY NEWSPAPER Reaching EVERY HOME In The GREATER UPLAND Area

The Upland News

SIXTY-SIXTH YEAR—Number 43 | UPLAND, CALIFORNIA | PRICE 10c Single Copy | 2 Sections | Thursday, Dec. 29, 1960

Sales Tax Revenue Reaches New High

Self-assessed business transactions subject to California's three percent retail sales and use taxes rose to an all-time third-quarter high of $5,832,070,000, Richard Nevins, Fourth District Member of the State Board of Equalization, announced today.

The one-half of one percent gain in sales over those reported for the third quarter of 1959 failed to keep pace with the state's growth in population and personal income.

The sales of non-durable goods were generally higher than those of the third quarter of 1959, Nevins observed, while the dollar volume of durable goods failed to achieve the levels of last year.

Taxable transactions in the eight southern-most counties that make up the Fourth Equalization District totaled $3,282,071,000 or 56 percent of the total for the state.

NEVINS STATED that Orange County had the greatest relative increase from the level of the third quarter of 1959 with business up nine percent. Business rose four percent in Ventura County and three percent in Imperial County while San Bernardino and Santa Barbara Counties had small increases. Los Angeles County's third-quarter taxable sales were slightly under the level of a year ago. San Diego County transactions were 10 percent below those of the third quarter of 1959, and those of Riverside County four percent.

Taxable transactions in San Bernardino County amount to $136,679, an increase of 2.1 percent from the level of a year ago.

On the state-wide scene, Nevins reported, the taxable sales of general merchandise stores, which represent one-tenth of all transactions, rose four percent above those of a year ago. Taxable business of both food stores and drug stores were up six percent; that of eating and drinking places four percent.

Upland Savings Open House Plans Listed

There is a big open house celebration at Upland Savings from Jan. 3 to Jan. 10th. Highlights of the event are door prizes and free gifts for all.

The celebration is being held to observe the completion of the new contemporary exterior of the building, at 196 N. Second Ave. in Upland, and the redecorating and improvements in the interior. The outside was changed completely and a new heating and air conditioning system was added along with new interior decorations to the inside.

A drawing for the door prizes is open to everyone. The first prize is a stereophonic sound set, second prize is a 65-piece set of silver plate and the third prize is a transistor radio.

In addition to this, each person visiting during the 10-day period will receive a free gift. The women will receive a distinctively packaged rain cap and the men, a unique new break-away key chain. For the kids accompanied by parents, the old favorites of balloons will be awarded.

C. Richard Hield, executive vice president and manager of the association, personally extends an invitation to everyone in the area.

Fellowship Meeting Set By Churches

The Mens' Club of the First Presbyterian Church of Upland is inviting all men of the protestant churches in Upland to a fellowship meeting on Monday, Jan. 9.

The meeting is to be held at 6:30 p.m. in the Hart Fellowship Hall of the First Presbyterian Church of Upland.

Following a steak dinner, a devotional period will be held and then an inspirational talk will be given by Capt. De Vere Baker, Long Beach. Capt. Baker is a world traveler, scientist, and was captain of the raft Lehigh.

He will speak to the men on the threat of communism to Christianity.

Reservations can be made through the mens' groups in the different churches or by calling the First Presbyterian Church office by Thursday, Jan. 5.

Mrs. Anderson Dies Thursday At Age of 100

Funeral services for Amanda P. Anderson, 100, of 620 E. Arrow Hwy., Upland, are being held Thursday, Dec. 29, at 10 a.m. at Stone Funeral Home.

The Rev. Fred Thornburg, minister of visitations, First Methodist Church of Upland, officiated with burial at Forest Lawn Memorial Park in Glendale.

A second service for the family will be held at the Little Church of The Flowers in Glendale at 1 p.m.

MRS. ANDERSON died Dec. 22 in San Antonio Hospital after a lengthy illness. She came to Upland from Norton, Kansas, 40 years ago and had been a widow since 1916.

She was active in the First Methodist Church here until illness limited her activities. She formerly taught a Sunday School class at the Upland Methodist Church.

She is survived by a son, Hugh P. Anderson, Upland.

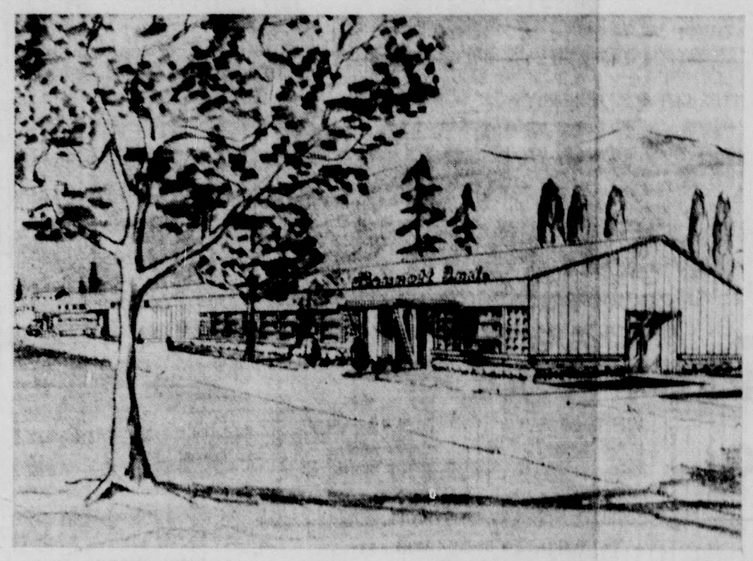

Industry Plan Meeting Topic

Upland Chamber of Commerce members will hear a talk by Jack Mullen, president of Newport Beach Realty Board, at a special luncheon meeting on Jan. 3.

The meeting, open to the public, will be held in the Valley Host Room of Uplander Motor Hotel. Reservations may be made by calling the Chamber office, YUkon 2-1616, by Friday.

Mullen will tell C of C members and guests how Newport Beach attracted desirable industry.

Stork Sweepstakes Winner Sought

THE ABOVE SKETCH is an artist's view of what the new Bennett Industries plant in Alta Loma will look like when completed. The firm will manufacture containers from three to seven pounds in capacity for sale to the West Coast market as a part of its expansion program.

The Witching Hour is midnight, or shortly thereafter, for the annual Upland News New Year Stork Sweepstakes.

Eligible are residents of Upland, Cucamonga, Alta Loma and Mt. Baldy and a complete list of prizes and Sweepstakes rules can be found in today's edition of The News.

The News, in conjunction with local merchants, will present prizes to the lass or laddie who becomes Greater Upland's first-born of 1961.

To win the Sweepstakes the baby must make its arrival at San Antonio Community Hospital, Ontario Community Hospital or Kaiser Foundation Hospital in Fontana.

PARENTS MUST present their claims for Sweepstakes prizes to the office of The Upland News by noon Tuesday, Jan. 3, to be eligible for the prizes. Exact time of birth must be included with claims.

If ties develop, the winner will be determined by The News. The winning baby must arrive after midnight, Dec. 31, 1960, to qualify. Hospital records will be checked by The News to verify the winner.

The News will present an award letter to the winning parents, authorizing them to claim Sweepstakes prizes from contributing merchants. These prizes must be claimed by Jan. 14. At that time the letters will become void.

LAST YEAR'S winner was Donald Anderson Wilhoit who arrived at San Antonio Hospital at 2:10 p.m. on Jan. 1. He is the son of Mr. and Mrs. Lloyd Wilhoit, 770 Highland Ct., Upland.

Baby Donald's nearest competitors were twins born to Mr. and Mrs. James Carter, Cucamonga, the first of which arrived at 4:49 p.m. The second twin arrived at 4:55 p.m.

The previous year the Stork Sweepstakes was won by William Michael Hunniford, son of Mr. and Mrs. William Hunniford, Cucamonga. Young Hunniford arrived just 39 minutes after the turn of the new year.

Formal Dedication Plans Incomplete

First regular services in the beautiful new sanctuary of Church of The Nazarene on W. 9th St. in Upland will be held at 7 a.m. Sunday in the form of Communion.

Holding of services in the new building marks another step in the 10-year expansion program launched by The Rev. William Thompson when he first came to Upland to take over as minister of the local church.

Construction on the new sanctuary was started in October of 1959 and its completion brought the total value of the church property near the $500,000 mark.

CHURCH SCHOOL will be held in the new building at 9 a.m. Sunday and Rev. Thompson will preach his first sermon from the new pulpit on New Year's Day. His message is appropriately titled, Facing 1961.

The sermon will follow songs by the sanctuary choir. Sunday will also mark the first time that the adult classes have assembled in the new building.

The College-High choir will be featured in Sunday evening services, with Prof. John Anderson directing.

Features of the new building include a new concert model Hammond organ with an additional 40-watt Echo amplifier and a 43 ½-ton refrigeration unit which air conditions the entire building.

FUTURE PLANS of the church include a quadrangle building, to the south of the new sanctuary, for a college and high school department and separate units for nursery, pre-school and kindergarten will be constructed at a later date.

Rev. Thompson is completing 10 years of service to the local church and the property on which the present facilities stand was purchased about four months after he came to Upland. The present fellowship hall was started shortly thereafter and was dedicated in 1955.

Construction of the educational building started in the summer of 1956 and was completed in 1959.

THE CHURCH observed its 56th anniversary in Upland on Dec. 4. The first church building was located at 2nd Ave. and 9th St. where Central Market stands today.

In 1920 the congregation moved its church to 3rd Ave. and 9th St. and after enlarging those facilities once, moved to its present location on W. 9th St. in May of 1953.

THE REV. WILLIAM THOMPSON is shown adjusting drape cords at the windows of a parlor in the sanctuary of the church of The Nazarene on W. 9th St. in Upland. The furnishings are not yet in the parlor which was used to place a Christmas tree during the holiday season. The entire interior is scheduled to be completed and furnished by Sunday.

Illinois Firm Plans to Open New Plant in Alta Loma Soon

S. A. Bennett, who had a part in designing and manufacturing the first five-gallon steel pails for the paint industry in 1914, and who is now chairman of Bennett Industries, Inc., Peotone, Ill., announced the future opening of a branch plant in Alta Loma, to serve the West Coast.

The present buildings on the 120,000 square foot site will house the most modern steel pail fabricating equipment ot manufacture containers from three gallons to seven gallons. The latest hi-bake lining installation will assure proper application of the correct lining for each product.

ANTHONY J. GASBARRA, president of Bennett Industries, expects to have the operation within a few months, but in the meantime, greater stocks of containers have been diverted to the West Coast warehouses to take care of the increased demand for pails.

Rapid delivery to the ever-expanding West Coast market is assured by delivery direct from the Alta Loma plant or through warehouses in Alameda, San Francisco, Portland and Seattle.

Trailer Park Zone Request To Be Heard

An application by Loma Colorado Estates, Inc., to establish a tralier park within an area zoned as R-1 will be heard by the County Planning Commission on Jan. 5 at 10:15 a.m.

The area involved is located on San Bernardino Rd., approximately 660 feet east of Vineyard Ave. in West Cucamonga.

Officers Installed By Lady of Fatima

Our Lady of Fatima guild met recently at the Uplander to celebrate a Christmas party and honoring the incoming officers for 1961.

New officers are: Mrs. Jack Lund, captain; Mrs. Frank Simoni; secretary, and Mrs. Michael Liberatore, treasurer.

The outgoing captain, Mrs. Joseph Farris, was presented with a gift by the members of the guild in appreciation for her work during the past year.

Rieder Earns Sales Honor

Walter Rieder, 1502 N. Laurel Ave., Upland, has qualified for Mutual of New York's Top Club, a sales-honor organization.

Membership is awarded annually to about 10 percent of the firm's 3500 field underwriters for high standards of production and service of life and accident and sickness insurance.

This is Rieder's fifth qualification for the group.

Motorists Reminded To Renew Auto Tags

Motorists throughout the state this week are receiving reminder statements mailed from the Department of Motor Vehicles, to renew their auto registrations for 1961 on or before next Feb. 4.

Applications for the red sticker that must be attached to the rear plate will be processed at 138 permanent DMV offices, some 25 special offices served by traveling crews of motor vehicle representatives, nearly 200 auto club branch offices serving organization members, and 145 temporary registration renewal stations in banks in the metropolitan areas of the State, beginning Jan. 3.

Robert McCarthy, Director of Motor Vehicles, said in Sacramento: "With over 500 locations ready to serve California motorists in the annual registration required by law, we are prepared to handle this large operation quickly and efficiently. Automation produces a streamlined set of documents for us to handle, and the cooperation of banks and clubs is a real public service.

"WE INVITE THOSE who desire the fastest and most efficient service to come to the registration offices early in renewal period. We expect some applications to be mailed, but the most efficient service is had by paying the fee in person, in cash at one of the many authorized offices. The applicant then receives his new registration card and rear plate sticker without any delay."

The only new feature of the statement forms this year is a point to be punched by the vehicle owner if he has changed his address from that shown on the card. Directions on the statement show where the corrected new address should be written in. The punching of the cards for the change will speed the filing of the corrected records, Department officials said.

Upland College Makes Second Semester Plans

Registration for second semester at Upland College is announced for Saturday, Jan. 14. Registrar Melvin Bowers indicated that students planning on enrolling at the four-year liberal arts college should plan to complete all registration on the assigned day.

In the forenoon, between 8:30 and 11:30, students whose last names begin with the letters M through Z should register. All other students will register in the afternoon between 1:30 and 4:00.

All students should pre-register before Registration day. Appointments for pre-registration procedures may be made by contacting the office of the Registrar at the College, YUkon 2-7078.

Second semester classes begin January 31, following a two-week Midyear Seminar on Human Relations. First extended day classes begin February 6.

Information regarding course offerings may be secured from the office of the Registrar.

Don Gaunt Serving On USS Navarro

Donald L. Gaunt, boatswain's mate second class, USN, son of Mr. and Mrs. Earnest O. Gaunt, Oakley, Calif., and husband of the former Miss Joyce Lamkin of Upland, is serving aboard the attack transport USS Navarro, operating out of Long Beach, Calif.

He recently re-enlisted for six years.

ASSOCIATE PASTOR Tom Barnard takes a cross from The Rev. William Thompson of the Upland Church of The Nazarene to hang along with two similar crosses in an upstairs chapel in the new church sanctuary building. First services will be held in the new building Sunday morning. Work on the building was started in October of 1959.

Upland, 1960 in Retrospect

JANUARY — City Council gave its approval for location of an elementary school on 13th St. in Medco Corp. Foothill Knolls tract. . .Plans for the Sierra Vista school administration building were finalized and approved by the Upland School District Board of Trustees . . .J. T. Waller was promoted from assitant cashier to assistant vice president and William J. Ruffner was named assistant cashier at the annual meeting of First National Bank of Upland. Allan Barr was re-elected president of the banking institution. . .A survey by Upland College students revealed that the ratio of Republicans to Democrats in Upland was 2½ to 1. . .Charles Miller, Cucamonga, was elected vice president of West End Democratic Club.

FEBRUARY — Residents of Red Hill voted 197 to six against incorporation. . .The Upland Chamber of Commerce gave its sanction to a proposal for a bus line to serve Upland, Montclair and Ontario. . .The Upland Planning Commission recommended that City Council employ services of a planning consultant to study a controversial zoning situation in northwest Upland. . .Purchase of 50 acres of land for park sites, with a $250,000 bond issue for financing at the proper time, was recommended by Council Ways and Means committee . . .Jan Linda Swihart was named Miss Upland of 1960 . . .Upland School District students received four grand prizes for slogan entries in a National Health Week contest . . .City and County officials reached a mutual agreement over a flood control gap in the northeast section of Upland.

MARCH — A master plan for a new elementary school in Foothill Knolls was approved by school officials. . .Novel Beck was named general chairman of Upland's Lemon Festival. . .The 26-member executive board of Sierra Vista PTA through its support to a move to get sidewalks on Euclid Ave. between 13th and 17th streets. . .Upland City Engineer Harold Wilder died in San Antonio Hospital of leukemia. . .Town & Country Dress Shop announced plans to expand and acquired the building next to its location at 142 E. Ninth St. . .Construction was started on a 10-acre Industrial Park which developers say will eventually include 24 buildings and cost over $1 million. . .Two Upland church representatives took a stand against a proposed multi-million dollar Bible Storyland in Cucamonga. . .Ground-breaking for a new $300,000 medical building was held on Seventh St. between Euclid and Sultana avenues. . .Five high school students from Upland were trophy winners in the first round of Bank of America's state - wide Achievement Awards program for high school seniors. . .Two Scripps College teachers were killed in an accident at the intersection of Arrow Hwy.and Central Ave. . .Building permits for the month of March fell 20 short of those issued for the same period in 1959.

APRIL — Four-way stop signs for Arrow Hwy. and Central Ave. were approved by County Board of Supervisors following the deaths of two persons at this intersection last month. . .Allen Mitchell Jr. and Ralph Laycock, both of Upland, caught over 200 pounds of fish, including a 40-pound White Bass, while fishing in Lower California. . .

REV. RAY A. MOORE, newly elected president of the Upland Ministerial Union, is pastor of the Community Church of Cucamonga. Married and the father of four children, Rev. Moore came to Upland area with a wide educational and pastoral background. Educated at Oklahoma City University, he did graduate work at Southern Methodist University and the Southern California School of Theology. Previous to entering the ministry he was a newspaper business manager and public relations executive for five years. He has served churches in Aline, Gaber and Oklahoma City, Oklahoma. Also elected at the last meeting of the Upland Ministerial Union was Rev. Tom Barnard, Associate minister of the Upland Nazarene Church, to the position of Secretary, succeeding Rev. Dick Pluim in that position.

Hearing Set On Changing Street Names

A hearing before the County Board of Supervisors will be held on Jan. 3 on proposed changes of names of two streets in Etiwanda and Cucamonga.

Proposed cnanges are Langham Ave. to Miller Ave. in Etiwanda, and Church St. to Miller Ave. in Cucamonga.

The hearing will be held at 2:30 p.m. in the Board chambers in the Courthouse addition.

April 4, 1776, the U.S. Navy made its first capture of an enemy ship when the USS Columbus captured the British tender Hawk, while returning from a raid on New Providence, in the Bahamas.

SUBSCRIPTION RATES: 35c every fourth Wednesday by carrier boys in Upland, Cucamonga, Alta Loma, North of 4th St. in Ontario. Out-of-town subscribers, $5 per year, payable in advance, by mail. Single copies 10c. The News includes The Foothill Advertiser and The Cucamonga News.

NEW "KEY" OFFICE for Pomona First Federal — Impressive glass-fronted modern building at 550 Indian Hill, just above Holt Ave., across from Pomona Valley Center in northeastern Pomona, houses the fourth location of Pomona First Federal Savings and Loan Association. Official opening will be celebrated by a week-long "Key Days Party" starting Tuesday to which the public of all ages is invited. Three-level building comprising a total of 22,231 square feet was designed by B. H Anderson, AIA, and built by Edwards Construction Co.

THE OLD AND THE NEW — Riding in an old Brush model automobile of 1908 vintage, (left to right) Pomona Mayor Arthur H. Cox and Congressman-Elect John H. Rousselot, of the 25th Congressional District, stop in front of the drive-in deposit window of the new $500,000 Pomona First Federal Savings & Loan Association branch office at Indian Hill Blvd. and Holt Ave., during its official dedication Dec. 15. Standing by to service the new customers were Paul D. Walker, president of Pomona First Federal, and vice president, Thomas O. Matzen. Mrs. Jeannette Martens is shown behind the window. The grand public opening will be held Jan. 3 through Jan. 10.

First Federal Announces 'Key Days' Celebration

Pomona First Federal Savings and Loan Association will formally open its new "key location", 550 North Indian Hill at Holt Ave., with a "Key Days Party" starting Tuesday and running for one week through Jan. 10.

"Keys" will provide the "keynote" for the festivities, with free personalized gold car keys as perhaps the most unique attraction. Handsome, king-sized keys finished in highly polished 18-karat gold, with matching fobs, will be embellished with each recipient's initial in black enamel and gold, and cut to fit the ignition of any American make car. (Available as long as they last.)

An outstanding highlight of the week-long celebration will be a special exhibition of historic locks, dating back several thousand years, on loan by its collectors, Yale & Towne. Booklets also prepared by these noted lockmakers will be given away as souvenirs. Interesting and informative, they are titled "History of Locks" and "How to Burglar-Proof Your Home".

MUSIC WILL BE provided throughout the week by organist Carl Wolfe at the keyboard of the Hammond electric, and also by the Somsak Brothers performing on the accordion and the cimbalom, a traditional Hungarian gypsy instrument.

These attractions will be at the new Inian Hill-Holt Office only during "Key Days", says Thomas O. Matzen, vice president and branch manager.

Also at this office and at Pomona First Federal's other three locations as well there will be additional souvenirs given away, piggy banks and balloons for children, and refreshments for everyone. Open hours at the Indian Hill-Holt office will be 9:00 a.m. to 4:00 p.m. Tuesday, Wednesday and Saturday; and 9:00 a.m. to 8:00 p.m. on Thursday, Friday and Monday.

REGULAR business hours will prevail at the other three offices during weekdays and they will be open Saturday Jan. 7, until noon.

The new building was completed sufficiently to begin actual operations in November, and was formally dedicated on Dec. 15 with approximately 300 government, industrial and business leaders attending. At this time a giant silvered Yale key, symbolizing the growth of the Greater Pomona Valley, was presented to Congressman-elect John H. Rousselot of the 25th congressional district by Pomona First Federal's president Paul D. Walker.

Dorothy Gray Special Moisture Night Cream. $4.00 size for $2.00. Dorothy Gray 2 Minute Magic Cleanser $2.00 bottle for $1.00. Harris Pharmacy 205 N. Second Ave. (adv.)

Services Held

Funeral services for Gretchen Eley, seven months, granddaughter of Mrs. Addora McNabb, Alta Loma, were held Wednesday at Stone Funeral Home with Dr. Earl L. Riley of the First Baptist Church of Ontario officiating. Burial was in Bellevue Cemetery.

Gretchen, daughter of Mr. and Mrs. Douglas Eley, Venice, Calif., died Dec. 25. She had been ill since birth.

Other survivors include a sister, Cheryl Lynn, and the maternal grandparents, Mr. and Mrs. Clayton Hoover, South Bend, Ind.

Has Family Party

Mrs. Pearl J. Smith, 420 E. 7th St., Upland, entertained with a Christmas dinner for her entire family and their families on Dec. 24.

After the dinner was served presents were exchanged, and the time spent reminiscing of former days, especially on the sons childhood days.

NOTICE OF INTENTION TO CHATTEL MORTGAGE

Notice is hereby given pursuant to the provisions of Section 3440.1 of the Civil Code of the State of California, that Clinton O. Mayberry and Ethel A. Mayberry, of 175 West 9th Street, Upland, California, owner of that certain market business known as "Clint's Market" and located at 60 East 9th Street, Upland, California, intend to place a chattel mortgage upon fixtures, equipment, machinery and goods located at the above listed place of business.

The mortgagee of the said property is The First National Bank of Upland, a National Banking Association, of 195 North 2nd Avenue, Upland, California.

The said mortgage will be executed and the consideration therefor will be paid on the 6th day of January, 1961, at the hour of 10 o'clock A.M. at the Escrow Department of The First National Bank of Upland, of 195 North 2nd Avenue, Upland, California. Dated December 20, 1960.

NEW BOY IN TOWN

Mr. and Mrs. Alfred Pizzuto, 9661 San Bernardino Rd., Cucamonga, became the parents of a son, on Dec. 22, in San Antonio Hospital, Upland.

NOTICE INVITING BIDS
For Furnishing and Installing
BOOSTER PUMPING STATION ELECTRICAL EQUIPMENT
IN THE CITY OF UPLAND, CALIFORNIA

NOTICE IS HEREBY GIVEN that sealed bids will be received in the office of the City Manager of the City of Upland, California, up to 2:00 o'clock p.m. on January 17, 1961, and will be publicly opened by the City Manager at 2:00 o'clock p.m. on January 17, 1961, for furnishing and installing Booster Pumping Station Electrical Equipment at Reservoir No. 5, 15th Street east of Euclid Avenue, all in accordance with the Specifications, Plans, and other approved Contract Documents therefor, on file in the office of the City Engineer of said City, to which Plans and Specifications bidders are referred for further information.

Plans and Specifications and all contract documents may be obtained at the above-mentioned office of the City Engineer upon payment of a fee of $2.00 for each set of plans and specifications.

Each proposal must be accompanied by a certified check, cashier's check or Surety Bid Bond in the amount of not less than ten per cent (10%) of the estimated aggregate amount of the bid as a guarantee that the bidder, if successful, will promptly execute a contract in the required form and furnish a satisfactory faithful performance bond and material and labor bond. Each of said bonds shall be in the amount of one hundred per cent (100%) of the contract price.

Pursuant to the provisions of the Labor Code of the State of California, not less than the general prevailing rate of per diem wages and not less than the general prevailing rate of per diem wages for legal holidays and overtime work, for each craft or type of workman needed to execute the work contemplated under the Agreement, as ascertained by and set forth in Resolution No. 1503 adopted by the City of Upland City Council, shall be paid to all workmen employed on said work by the Contractor or by the subcontractors doing, or contracting to do, any part of said work.

All others shall be paid at the prevailing wage rates paid in the County of San Bernardino. Overtime applicable to each classification shall be paid at the prevailing overtime rate in the County of San Bernardino. The foregoing schedule of hourly wage rates is based on a working day of eight (8) hours. The hourly wage rates prescribed herein above are the per diem rates divided by the aforementioned number of hours constituting a working day. It shall be mandatory upon the Contractor to whom the contract is awarded and upon any subcontractor under him to pay not less than the specified rate to all laborers, workmen and mechanics employed by them in the execution of the contract.

Bids must be returned to the office of the City Manager enclosed within a sealed envelope with the words "Bid —Booster Pumping Station Electrical Equipment," plainly marked on the outside of the envelope.

The right is reserved to reject any and all bids which the City Council may deem not to be to the best interest of the City and also the right to waive any informalities in a bid, and the right to award the contract for the above described work within 30 days thereafter.

Work of construction shall be completed within 120 calendar days after the date of the contract.

Further information will be furnished and detailed plans and specifications of the proposed work may be inspected at the office of the City Engineer of the City of Upland. Proposal blanks and copies of the plans may also be obtained from the City Engineer.

By order of the Council of the City of Upland, California.
Elwin Alder
City Manager

Highlander Topics

by Ragna Olausen

Howdy Highlanders! How are you surviving the holidays? Have you stored away the Christmas loot yet? If you want to hear about some unusual gifts, ask around, and see what your friends gathered on the joyous occasion.

A lot of people are wondering what happens to the Christmas trees that aren't sold before Dec. 25. Here's one answer. Jim Wilcox has promised to buy all the trees left over from Coaches Westguard and Bell. Ask Jim to see if he keeps his promises.

Now with all Christmas cards addressed and sent, Highlanders again have some spare time in which to make the movie scene. Elvis Presley's latest, "G. I. Blues" has been suggested by faithful movie goers. Another suggestion, if you care to travel to Los Angeles, is "The Alamo."

FOR THOSE of you who still haven't settled down to homework, time is getting short. The library is open daily, except next Sunday and Monday.

Anybody need suggestions for a book report due before the semester? Some Upland folk have read books by John Steinbeck recently and think you'll especially like "Grapes of Wrath."

If you've seen Sherry Grose lately, you've seen a newcomer to Upland. John Osborne, a college basketball player from West Virginia, is visiting during the holidays. Welcome to our fair city, John, and I hope you enjoy your visit to California.

During the past week your favorite records have been "The Theme from Exodus" by Ferrante and Teicher; the German "Sailor" by Lolita; German "Salor" by Lolita; and Ray Peterson's "Corinna, Corinna." When you get back to school be sure to vote for your favorite record in the book store.

UPON RE - ENTERING UHS next year, you can't help but notice the absence of one loyal Highlander. Mary Earl Skewis, our foreign exchange student to Australia, leaves New Year's Eve on the S. S. Arcadia to sail to her new home for about eight months. Bon Voyage Mary Earl, and don't forget UHS amidst all your new adventures.

Another traveling Highlander is Jim Morris, who spent seven days of this vacation in that island paradise, Hawaii.

Our exchange student from from Norway had a party last week. Kirsti and her guests thoroughly enjoyed themselves. Happy belated birthday, Kirsti!

Happy New Year to all Highlanders! I hope 1961 is as happy and even more successful that this past year. Have fun New Year's Eve, but be on time for school Tuesday morning — 7:58 sharp!

License Renewals Start January 3

Vehicle registration renewal service will be provided in nine banks in San Bernardino-Riverside area during the license renewal period from Jan. 3 through Feb. 3, Robert McCarthy, Director of Motor Vehicles announced today.

"Department employees will be stationed in space donated by the banks as a service to the motoring public," McCarthy explained. "This service has proved very popular with motorists during past renewals and we are pleased to be able to announce full cooperation by the banks again this year."

The bank stations are authorized to issue 1961 registration cards and rear plate renewal stickers to car, truck, or trailer owners who submit their fees with the punched card statements mailed from Sacramento during December.

Most of these punched cards were mailed right after Christmas and should be delivered to the address of record by mid-January. Vehicle owners who have moved or for other reasons have not received their punch card registration potentials by January 15 should take their 1960 registration card with them to the nearest office of the Department of Motor Vehicles for assistance.

New Tax Guide For Farmers Being Offered

A supply of the 1961 edition of the "Farmer's Tax Guide" Internal Revenue publication number 225, entitled "Income and Self-Employment Taxes" has been received by the Agricultural Extension Service, 566 Lugo Ave., reports San Bernardino County Farm Advisor John Van Dam.

Available upon request, this publication explains most of the income tax rules which apply to farmers and those who have tax questions about farming. Written in plain, easily understood language, it contains many examples illustrating how the rules work in actual situations.

It should be of assistance to all when preparing the income tax return for either the calendar year 1960 or the fiscal year ending in 1961.

Call or phone the Extension office for your copy or drop a post card in the mail requesting a copy be forwarded.

Oasis to Host Friday Dance

Friday, Dec. 30, from 8:00 p.m. to midnight is the date set for the Oasis homecoming dance, to be held in the National Guard Armory in Ontario.

It is an open dance, honoring former members, but it is open to all West End teenagers and no reservations are necessary.

The "Satins", a four-piece band, will play for the event which will be set around a New Year's theme, with decorations by Diane Dunston and Jeannie Byrne.

Other chairmen will be Steve Brucker, house committee; Marianne Gemmel, chaperones; and Judi Jackson, entertainment.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the City Council of the City of Upland will hold a public hearing on Tuesday, January 3rd, 1961, at 7:30 P.M. in the Council Chambers of Upland City Hall, to consider an amendment of the GENERAL PLAN (Master Plan) for the City of Upland by a modification which would change the designation from a Low Density Residential Use to a Commercial and Professional Use for the lots located along the East side of Euclid Avenue between the San Bernardino Freeway and 8th Street.

A map, indicating the comprehensive, long term General Plan, a designating the proposed general distribution and general location and extent of the uses of land in the City, is on display in the Council Chambers of the City Hall.

Comments and views of the citizenry concerning this proposed plan are required in order that the adopted Master Plan might truly represent the desires and objectives of the people of Upland.

Hazel M. Cassell,
City Clerk
City of Upland

Upland News — No. 507

ORDINANCE NO. 619

AN ORDINANCE OF THE CITY OF UPLAND AMENDING SPECIFIED SECTIONS OF CHAPTER ONE OF ARTICLE IX OF THE UPLAND MUNICIPAL CODE SETTING FORTH THE DUTIES OF THE ADMINISTRATIVE COMMITTEE AND THE CITY ENGINEER REGARDING THE PROCESSING AND REQUIREMENT OF A SITE PLAN REVIEW IN CERTAIN ZONES.

The City Council of the City of Upland does ordain as follows:

SECTION ONE. Section 9110.43-a of the Upland Municipal Code is amended to read as follows:

Section 9110.43-a — Same. Plan Review.

As provided for in Section 9110.105, a site plan for the total parcel of land shall be submitted to the Commission or Administrative Committee for their review and approval when the combined total existing and/or proposed development includes more than six (6) dwelling units in more than one (1) main building.

Before a building permit may be issued for a building or structure in the "R-3" District, the City Engineer shall make a determination that all required street and alley dedication and improvements have either been constructed or that bonds or cash have been deposited with the City for said improvements.

SECTION TWO. Section 9110.48 of the Upland Municipal Code is amended to read as follows:

Section 9110.48 — Same. Other Conditions to Use.

C. Before a building permit may be issued for a building or structure in the "P" District, the City Engineer shall make a determination that all required street and alley dedication and improvements have either been constructed or that bonds or cash have been deposited with the City for said improvements.

SECTION THREE. Section 9110.58 of the Upland Municipal Code is amended to read as follows:

Section 9110.58 — Same. Prerequisites to Issuance of a Building Permit.

A. Preparation of a precise plan for total development. Before a building permit shall be issued for any development in a "C-1" District a precise plan for the total development shall have been prepared, and shall have been approved by the Commission or Administrative Committee. Said plan shall have indicated thereon the following:

1. Location of all buildings, structures and signs;
2. Location of all off-street parking and loading facilities;
3. Location of all entry and exit facilities;
4. Location of all dedications for streets and highways required by the Master Plan, which streets and highway dedications are required for handling the increased traffic generated by the proposed commercial development;
5. Location of all walls and indication of their height and materials of construction;
6. Indication of all lighting standards and devices;
7. Location of all landscaping to be provided, and
8. The height and proposed use of the buildings and structures to be located on the site.

B. Issuance of a building permit for an individual structure.

The requirements of Section 9110.105 shall apply.

SECTION FOUR. Section 9110.76 of the Upland Municipal Code is amended to read as follows:

Section 9110.76 — Same. Other Requirements.

Prior to the issuance of a permit for construction or new commercial use on Foothill Boulevard, in the "C-4" District, and except where a border-road shall have been previously provided and improved, land to a minimum depth of forth-five (45) feet shall be dedicated to the City and improved for service road, parking, and sidewalks. Service Road shall not be required in the "C-4" Districts fronting on streets or highways other than Foothill Boulevard.

Before a building permit may be issued for a building or structure in the "C-4" District, the City Engineer shall make a determination that all required street and alley dedication and improvements have either been constructed or that bonds or cash have been deposited with the City for said improvements.

For special conditions or major City streets the requirements of Section 9110.109 -R-3 shall apply.

SECTION FIVE. Section 9110.86 of the Upland Municipal Code is amended to read as follows:

Section 9110.86 — Same. Property Development Standards.

I. Other Requirements.

Before a building permit may be issued for a building or structure in the "M-1" District, the City Engineer shall make a determination that all required street and alley dedication and improvements have either been constructed or that bonds or cash have been deposited with the City for said improvements. The requirements of Section 9110.105 shall apply.

SECTION SIX. Section 9110.91 of the Upland Municipal Code is amended to read as follows:

Section 9110.91 — Same. Other Requirements.

D. Before a building permit may be issued for a building or structure in the "M-2" District, the City Engineer shall make a determination that all required street and alley dedication and improvements have either been constructed or that bonds or cash have been deposited with the City for said improvements.

SECTION SEVEN. Section 9110.105 of the Upland Municipal Code is amended to read as follows:

Section 9110.105 — Other Conditions to Use in Certain Districts.

A. Prior to the issuance of a building permit for the construction of improvements on land in the "R-3" District (subject to Section 9110.43-a) the "P" District, the "C-P" District (when proposed to be used for "R-3" purposes), "C-1" District, "C-2" District, the "C-4" District, or the "M" Districts, a site plan shall be submitted to and approved by the Administrative Committee or the Commission. Said site plan shall indicate the general areas developed or to be developed for buildings or structures, automobile parking, and landscaping, and shall shew the location of pedestrian and vehicular circulation and the points of ingress and egress the location and height of masonry walls, the nature of protection for abutting uses from the glare of outdoor lighting fixtures, the provision to be made for spaces for loading (if required), the location, size and number of signs and permitted outdoor advertising, and adjustment, if any, to be made in relation to abutting land and uses and Districts.

B. A similar site plan shall be submitted to and approved by the Administrative Committee or Commission prior to the issuance of a building permit for any major alteration of or addition to any improvement in any of the Districts listed in Section 9110.105 -A above.

C. Signs to be added to existing buildings, or to be erected as a separate structure, requiring or not requiring a building permit, shall be approved by the Administrative Committee or Commission based on conformity of such sign to permitted signs in the Districts listed in Section 9110.105-A above.

D. In addition, in the "C-4" District the Administrative Committee or Commission shall, prior to the issuance of a building permit, approve all architectural plans of each new commercial structure and each alteration of a structure or addition thereto, and any sign attached thereto, the approval of the Administrative Committee or Commission in such cases to be based on conformity of buildings and permitted signs to neighborhood environment.

E. Before a building permit may be issued for any building or structure in the Districts mentioned in Section 9110.105-A above, the Chief Building Official shall make a determination that the proposed building or structure is in conformity with the approved site plan and the City Engineer shall make a determination that all of the dedications required in order to fulfill the plan have been made and that all street improvements required by the City Engineer have either been constructed or that bonds or cash have been deposited with the City for said improvements.

SECTION EIGHT. Section 9110.117-G-(2) of the Upland Municipal Code is amended to read as follows:

Section 9110.117-G — Presentation of Application before Commission and Council.

(2) Each applicant for a use other than a planned integrated shopping center shall submit data concerning the effect the proposed use will likely have on traffic patterns in the vicinity proposed to be developed and the methods which applicant will adopt to handle any traffic generated by the use after its complete development, and what measures will be taken to safeguard existing or possible future uses on adjoining lands. In addition, the applicant shall submit a site plan prepared in accordance with Section 9110.105.

SECTION NINE. Section 9110.119-B-(3) of the Upland Municipal Code is amended by adding a subsection (e) thereto, as follows:

Section 9110.119 — Administrative Committee.

B. Functions of the Administrative Committee.

(3) Administrative Determinations.

(e) The Administrative Committee shall have the responsibility for site plan review as provided by Section 9110.105 of this Code.

SECTION TEN. The Mayor shall sign this ordinance and the City Clerk shall attest to the same, and the City Clerk shall cause the same to be published within fifteen (15) days after its passage, at least once in the The Upland News, a newspaper of general circulation published and circulated in the City of Upland.

APPROVED AND ADOPTED this 20 day of December 1960.

Abner B. Haldeman
Mayor

by Howard Archer

In just a few days a New Year will be starting and the entire World is awaiting it with great anticipation, expectation and hope.

In the United States most people are hoping it will bring the many things predicted for 1960, the hopes that failed to become reality.

The nation's business leaders and economists were saying this time last year that 1960 would be one of the brightest in our history.

It fell short of these predictions.

Upland, like many other cities, fell short in its hopes and plans for continued rapid growth in comparison with 1959.

BUILDING WAS considerably under that of 1959. There were many squabbles and problems in zoning and re-zoning. The Planning Commission and City Council spent many hours in public hearings and studies on planning for organized expansion and growth.

There were times when the task was exacting and there were times when tempers were tested to the very limit of logic and reason.

But one by one the problems were resolved and steps taken in a progressive direction. There were errors in judgment. Some have been corrected to the satisfaction of all others are still contested.

ON THE BRIGHTER side, Mayfair Market opened a new store, the start of a new shopping center, on Foothill Blvd. Voters passed a $3 million bond and state aid program which will provide additional school facilities and eliminate double sessions in some classrooms.

The Chaffey Union High School District trustees took steps towards construction of a fourth high school at the Alta Loma site.

Upland's first Lemon Festival was very successful and an Industrial Park which will eventually involve a $1 million investment was started on W. Ninth St. The latest industry to move onto the park is the Brunswick firm which now is in the process of moving in.

On the national scene John F. Kennedy and Richard Nixon held the spotlight from mid-summer on. Probably president-elect Kennedy could be considered the top newsmaker of the year.

NIKITA K. continued to worm his way into the nation's top news stories and his United Nations theatricals will long be remembered an written into the annals of World history.

Explorations and advancement in space technology were big news-makers during the year. Most interesting of these was Echo I.

On the more sordid side of the news, Dr. Bernard Finch and his erstwhile friend Carol gained much space in the nation's press during their trials in Los Angeles and Caryl Chessman lost his 11-year struggle to live despite support from this country and abroad.

NOW AS THE New Year approaches, economist say that it is fairly certain that 1961 will get underway in the midst of a recession, however, they say in the same sentence that the nation will recover in the form of high personal income and a sure rise in government spending.

At best there will be many good days and some bad ones.

We hope for more of the better and less of the latter and wish for all a Happy New Year.

PROFESSIONAL ENGINEERING received close scrutiny by California high school students at the Enginering Preview held at California State Polytechnic College in San Luis Obispo during Christmas vacation. Pictured from left are Ronald K. Saltgaver, Upland; Bruce W. Beckley, Perris; Paul H. Galyean, Victorville, and Harold P. Hayes, Cal Poly Dean of Engineering, discussing the future job opportunities in industry.

Edison Company Seeks To Import Natural Gas

Southern California Edison Co. Friday filed an application with the Federal Power Commission to export natural gas from Texas into Mexico and import gas from Mexico into California.

The application was made in connection with a proposed pipeline project approximately 1600 miles long that will transport gas fuel from Texas Gulf Coast and Mexico, through Northern Mexico into Southern California.

The FPC filing was Edison's second step in seeking regulatory approval of the $225 million project. On Dec. 5, the power company applied to the California Public Utilities Commission for approval of agreements with Tennessee Gas Transmission Co., Humble Oil & Refining Co., Petroleos Mexicanos (Pemex) and California as Transmission Co.

THESE PROVIDE for construction by Tennessee-California Gas Transmission Co., Pemex and California Gas Transmission Co. of the line which will carry up to 445 million cubic feet per day of gas to Edison's steam-electric generating stations. The Mexican portion of the pipeline, to cost approximately $165 million of the $225 million total, will be financed by the sale of Pemex bonds.

Edison president, J. K. Horton, said the new project would provide the California electric utility with a future gas supply at a price more stable than that for present souces and will give the Southern California market area direct access to two new, important gas producing areas. He pointed out that neither of these is now a source of supply for Southern California.

"These arrangements also provide a substantial long-term gas supply for Edison's use and will constitute a significant contribution to is air pollution control efforts," Horton said.

The Edison official also pointed out that the company's present commitments for service from the local gas companies which expire on July 1, 1962, involve service which can be interrupted at any time, while the new Texas and Mexican source will provide the fuel on an assured annual basis. "We are looking to this project as the principal source of gas for our existing plants after July 1, 1962," he said.

County Business Population Shows 16 Percent Increase

The business population of creased 16 percent during the past five years, according to statistics released by Dean D. Maddux, regional vice president, of the Los Angeles office of Dun & Bradstreet, Inc.

Basing his facts on a comparison of physical counts in the January, 1961 and January, 1956, Maddux reports that San Bernardino County has 6,204 business firms listed in 1961 and 5,363 firms were listed in 1956.

According to Maddux, business concerns in all parts of the United States are asked by Dun & Bradstreet for copies of their financial statements each January. This year, requests are being sent to approximately three million business concerns —to the corner grocery store worth a few thousand dollars as well as to businesses worth millions.

The Dun & Bradstreet Reference Book lists those manufacturers, wholesalers, and retailers who seek or grant commercial credit, but it does not include some of the service and professional businesses such as beauty and barber shops, security dealers and real estate brokers. Therefore, the figures for total business in the United States would be higher than the three million quoted above.

January, 1956 reference book listings for San Bernardino County as compared with those to be shown for January, 1961 are as follows:

Upland had 177 listed in 1956 and will have 210 for 1961; Cucamonga had 65 listing in 1956 and will have 89 for 1961; Etiwanda had 13 listings for 1956 and will have 19 for 1961; Alta Loma had seven 1956 listings and will have 16 in 1961.

Plan to Plant.

Nematode - resistant grape rootstocks have become important to San Bernardino County grape growers, Farm Advisor Chet Hemstreet tells me. Growers can't get large supplies of the Saltcreek and Dogridge rootstocks, but several are ordering quantities of 100 or more from the University of California until larger numbers are available.

Some county grape growers planning to plant or order rootstock cuttings or grafted rootings this year are: John Pagliuso, Fontana; Frank De Ambrogio, Cucamonga; Philo Company, Guasti; John Danzp, Cucamonga; and Robert Lasagna, Ontario.

The heavy toll taken of agricultural crops in California by nematodes is just being recognized. Leading farm people are taking steps to learn about this soil pest and how to prevent the crop injury it causes. Using rootstocks that the nematodes don't relish is one very practical approach

. . . And CUCAMONGA

BY HOLLIS GUTHRIE

1961 is just a few hours away —we always look forward to the beginning of a new year, just like a card player, whose partner has just trumped his ace, looks forward to a new deal.

May the new year of "61 deal us all here in Alta Loma, Etiwanda and Cucamonga, a winning hand in good health, better spirit of good will and a sincere, unsophisticated understanding towards our fellow man, the successful establishment of a modern sanitation system in Cucamonga, and above all, a more prosperous winning hand for the taxpayers in San Bernardino County now unemployed.

AND SPEAKING of the unemployment situation, we see where our San Bernardino County Board of Supervisors are meeting the issue head-on. They called on representatives of all cities, and communities to sit down and go over this matter with them at a special meeting held last week in the supervisor's chambers. This means getting action at the grass-roots, and this in it's self is a good healthy sign. They asked for reports, and for suggestions as to how the unemployed can be re-employed as soon as possible.

George Savage, president of the San Bernardino Chamber of Commerce and well known columnist for The Sun, offered a good suggestion, which we go along with, and that is to activate the local chambers of commerce throughout the County as job coordinating centers.

AS A LOCAL taxpayer, we'd like to add our two-bits worth about creating jobs in a hurry. . . Establish a chain of tourist attraction parks throughout the county based upon the early historical background of the various cities, communities and districts. "Tourists from all over the world spent two-thirds of a billion dollars in Southern California in 1959" quote from the All Year Club, which makes it a business to find out these facts. Figures for 1960 are not available, but we wouldn't hesitate to say that 1960 will top all records established in any year by visitors from other states.

The tourist trade is still Southern California's leading industry and we here in the world's largest county, with some of the most beautiful natural scenery and ideal tourist climate the year round let this trade enter our front door to California and drive through to the tourist wonderlands in the counties west and south of us.

An example of the type of one of these suggested tourist parks whereby we could create pay-rolls in our particular communities by capitalizing on the colorful, romantic and very picturesque historical background would be the erection of a permanent exposition park and call it Cucamong Town. A museum wherein the story of grape growing and wine making from the early days of Tapia when California was part of Mexico, to the present day could be the main attraction.

Then there could be a small street lined with adobe buildings wherein locally made products of the early days and of the modern days would be displayed and sold.

FOR ENTERTAINMENT every weekend and, to add color and the proper atmosphere, have special musical events like fiestas, square-dancing of the covered wagon days, operettas from sunny Italy and miniature pageants depicting the growth of the community.

A project such as this, and in other communities, could be started right away. We feel sure that the Small Business Administration would give serious consideration to any bona fide organization seeking to create jobs for the un-employed.

Employment Trends For Non-Agricultural

"While predictions of a boom in 1960 didn't quite materialize, non-agricultural employment in California grew at a moderate rate," John F. Henning, State Director of Industrial Relations, reported.

As expected, 1960 started off with a spurt of economic activity to make up for the prolonged steel strike in 1959. This rapid recovery period was short-lived, however, and growth slowed to a moderate pace.

At year's end, about 5 million wage and salary workers were employed in non-agricultural activities. This is a new record and above the comparable period of 1959 by about 130,000. The December 1959 - December 1960 gain, however, compares with a year-over-year increase of 285,000 at the beginning of 1960.

THUS: Employment during the last few months of this year has topped the same months of 1959 by only three percent compared with a 12-month increase of six percent between January 1959 and 1960.

Moreover, even the shrunken 12-month increases in the final months of this year are partly illusory because employment at this time last year was reduced by the steel strike itself and also by steel shortages which curtailed construction work, auto manufacturing, etc.

Manufacturing has been the softest spot this year in the state's economy. When factory employment figures have been adjusted for seasonal variation, 1960 emerges as a year of a sharp downslide from January through August, followed by a slight pickup in September and a leveling off the remainder of 1960. The year-end total was under that of December 1959 by more than 10,000.

Aircraft continues to make the poorest showing of any industry. Even though the long-term decline has moderated in the last few months, the aircraft workforce by December was down by about 36,000 from the same time last year.

OTHER DURABLE goods industries have also fared badly this year. Employment in primary metals—chiefly steel —has declined sharply in California as it has in the Nation. Activity has also been sluggish in fabricated metals, nonelectrical machinery, and some other hard goods industries.

"On the other hand," Henning said, "employment continues to move upward in the missiles and electronic industries—although at a less spectacular rate than in 1959. At year's end, these defense-related industries chalked up a 12-month gain of about 20,000 workers —thus partially offsetting the year-to-year loss in aircraft."

As compared with hard goods industries, the less volatile soft goods manufacturing industries have maintained their usual moderate growth pattern this year. A leader in this group is printing and publishing, which reached record employment levels in 1960.

Non-manufacturing: The overall weakness in manufacturing in 1960 was more than counteracted by continued strength in nonmanufacturing industries. Largest percentage gains were recorded by the services and finance groups—each up by six percent in December 1960 from a year ago, and by trade and government—each up by four percent.

First Federal Pays Dividend

Paul D. Walker, president, Pomona First Federal Savings and Loan Association, announces that the board of directors has declared the regular quarterly dividend to be paid for the period ending Dec. 31, 1960, at the annual rate of 4½ percent and in addition thereto, for the same three months period only, an extra dividend at the annual rate of 1/4 of one percent which makes a total dividend for the period of 4¾ percent per annum.

"THIS ACTION is being taken after building our reserves to an all time high, and in lieu of giving premiums for new accounts", says Mr. Walker. "Under this plan of payment patrons of Pomona First Federal Savings and Loan Association participate equally in the earnings which are being made by the association."

Walker further announces that the total assets of the association recently passed the $90 million mark.

Since the turn of the century, science has controlled polio, diabetes, tuberculosis, typhoid and rheumatic fever, and greatly reduced maternity deaths and infant mortality. Science can control cancer, given time and money.

Ultra Feminine Cream - Once a year sale — $5.50 size - now $3.50. Limited Time Only Harris Pharmacy 205 N. Second Ave. (Adv)

Upland, 1960 in Retrospect

(Continued from Page 1)

David Thomas purchased the Do-Nut Shop on N. Second St. from John and Evelyn Bice. . . William Kistinger and Bob Marriott were elected to four-year terms on the Upland City Council. . .Voters approved a 10-year, $350,000 Water Bond improvement program. . .A proposal to transfer elementary school students from Sierra Vista to Baldy View school drew firm protests from parents who expressed concern over potential dangers of Foothill Blvd. traffic . . .Lawrence Coleman was named Upland City engineer to fill the vacancy created by the death of Harold Wilder. . . Gail Musser, Kathy Davis and Shirley Townsend were busy rounding up ballots in quest of the Lemon Festival Queen title. . .George Smith retired as commissioner of the Alta Loma Fire District after nearly 10 years of service. . .Jo Ann Daila Rosa was selected as Upland High's representative at Girls State. . . Four Upland girls were slightly injured by a falling limb during a wind storm which swept the city.

MAY — An across the board wage increase of $100 per teacher for 1960-61 was given by trustees of the Upland School District during a special meeting. . .A pared down preliminary budget of $4,209,508, requiring a $1.56 tax rate, was adopted by Chaffey Union High School District for the 1960-61 term . . .Jon Kay and Pam George were named as the 1960 outstanding boy and girl at Upland High School. . .A first-place plaque was awarded The Upland News for the Best Advertising Idea or promotion published in 1959 in competition with weekly and daily newspapers throughout the U.S. . .City of Upland registrations for the California primary were up nearly nine percent over those recorded in 1958. Total registration was 6,690. . .Jim Cleland of Upland became an Eagle Scout during a ceremony held at Scout headquarters at Claremont. . .Mrs. Jennie Brechbill, 73-year-old Upland grandmother, graduated from Upland College with an A. B. degree. . .The first step in eventual construction of a fourth high school in the system was taken by Chaffey Union High School District trustees. . .Upland's first Lemon Festival was a huge success and 7,000 persons lined the streets to witness one of the largest parades ever held in the city. Gail Musser reigned as Queen of the affair. . . Vern H. Orum was named as assistant superintendent of Upland schools and also to serve as principal of the new Foothill Knolls school.

JUNE — Upland's latest population count showed an increase of 1,500 since early 1959. . .Harry Crowe was named valedictorian and Jon Kay salutatorian of the 1960 graduating class of Upland High. . .Harry Crowe, Jon Kay, Kathy Newlee and Steve Fleming had their names inscribed on the McLeish Award for academic, athletic and activities achievement at Upland High. . .Fire swept through the William Gilliland residence, 1140 N. Euclid Ave., causing damage estimated at between $5,000 and $10,000. . .Mayor Abner Haldeman took part in groundbreaking ceremonies for the $250,000 Oasis Mobile Home Estates on W. Arrow Hwy. . . A class of 292 received diplomas in Upland High School graduation exercises. . .Working drawings and specifications for the new Foothill Knolls school were sent to state officials for approval. . . A forest fire which covered 270 acres threatened homes in San Antonio Heights. Firemen fought the blaze for more than 29 hours. . .Millard Herr was installed as president of Upland College Alumni Association. . .Trustees of Chaffey Union School District approved a finalized budget of $4,232,643 and presented it to county officials.

Who will be the PROUD PARENTS . . . . of the FIRST BABY of the year

Local College Students Take Yule Vacation

Most of the students at Upland College have left for their Christmas vacation period after the close of classes Tuesday. The students will return for their first after-Christmas classes on Jan. 3, according to Dean Ernest Boyer.

Two class days are scheduled for the first Tuesday and Wednesday of the new year before the special reading period. The three-day reading period is new for the liberal arts college this semester and is designed to allow the student ample time to do independent study and review for the final examination.

Final examinations are scheduled for Jan. 10 through 14th.

Senior Citizens Meeting Topic

A detailed explanation of two important programs to increase the security of all senior citizens will be given at a meeting of the California Institute of Social Welfare, and the National League of Senior Citizens, to be held in Upland Four Square Gospel Church, 205 S. Campus Ave. at 10:30 a.m. Jan. 3.

The National League of Senior Citizens will be in Washington with proposals to broaden the present Social Security Act, for Social Security for ALL at 60, including the Blind and Disabled. The California Institute of Social Welfare will be in Sacramento with proposals to increase the basic Old Age Security payment by at least $10 a month, and to erase the relatives responsibility clause.

A light weight movie camera to track air-dropped weapons at high speeds and altitudes was developed at the Naval Ordnance Laboratory, Silver Spring, Md. The 26 pound camera, with pistol-grip triggers, is shoulder mounted.

CITATION TO SHOW CAUSE WHY CHILD SHOULD NOT BE FREED FROM CUSTODY & CONTROL OF PARENTS
No. J 27730

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN BERNARDINO SITTING IN SEPARATE SESSION AS A JUVENILE COURT

In the matter of Rodney Edward Ingram, a person who should be declared free from the custody and control of his parents.

THE PEOPLE OF THE STATE OF CALIFORNIA: TO THE FATHER, THOMAS DEAN AND TO THE MOTHER, LOIS DAE INGRAM, of the above named person and to all persons claiming to be the father and/or mother of said person, who is described as follows:

A baby boy born on November 2, 1958 in Ontario, California.

You are hereby cited to be and appear in the Superior Court of the State of California in and for the County of San Bernardino in the courtroom of Department V, in the City of San Bernardino, County of San Bernardino, State of California on the 14th day of March, 1961 at 1:30 o'clock P.M. of that day, then and there to show cause, if any you have, why Rodney Edward Ingram, should not be by this court declared free from the custody and control of yourselves, and for failure to attend as hereinbefore required, you will be deemed guilty of a contempt of court.

Given under my hand and seal of the Superior Court of the State of California, in and for the County of San Bernardino this 19th day of December, 1960.

Ford Truck Sales Set New Record

Total Ford truck sales during the first 10 days of December were the highest for any similar period since 1953 and were nearly double those of the same period a month ago.

Ford's 1961 line of trucks, which included the addition of more than 100 new heavy-duty diesel and gasoline-powered models, was introduced in dealerships on Dec. 1. The 1961 line marked the greatest commercial vehicle expansion in Ford Motor Company's 58-year history.

Wilbur Chase, truck Marketing manager, Ford Division of Ford Motor Company, said sale of 7,942 units during the Dec. 1-10 period represented an 84 percent increase over the initial period of November, and were up 450 units over the similar period of 1959.

Marine Pfc Jacklyn H. Lucas, at 17 was the youngest man ever to receive the Medal of Honor. At Iwo Jima he fell on two grenades to save his comrades and survived.

Value of Term Papers Noted

"To have or not to have," has been raised as a question about the value of term papers in the College study program. The Upland College professors, as a part of their continued effort to improve the quality of the instructional program, have recently completed a review of the attitudes regarding the values of written semester projects.

The review, a project of the office of Dean Ernest Boyer, reveals that over 90 percent of the teachers at the liberal arts college require term papers. Indications are that some require as many as four per student though most will require only one.

Interestingly, a majority of the faculty believe that such research papers should be required only in upper division courses. This means that freshmen and sophomores would not have as many term papers to write. Most of the teachers feel that the junior and senior years are those when the student is most able to undertake an adequate and desirable research project successfully. All the faculty expressed the attitude that students need an early introduction to the fundamentals of research in lower division courses.

Dr. Ben Catapusan, who assisted Dr. Boyer in the faculty questioning, explained that most teachers allow the students to select the topic of their term papers from a list of topics provided by the teacher.

The important question of whether or not one term paper may receive credit in more than one class has been faced by college teachers across the nation. The majority of Upland College professors endorse the idea with certain degrees of reservation. It is agreed that a term paper may be used in more than one class if the paper is of sufficient quality and is relevant to the courses in whch credits are expected, Dr. Catapusan explained.

Credit given to term papers varied in the plans of the college professors from one-tenth to fifty per cent of the semester grade. It is obvious that the difference between credit given indicates what each professor expects out of the research project.

Several faculty members placed strong emphasis on the need for students to present orally their research findings. This is desired in order to help the student express the information in concrete ideas before the public. This plan helps the student develop the much needed skill of public speaking in the areas of his interest and as he will often be required to do in later life.

The findings of the Upland College review serve to help the College professors offer an increased academic quality.

College Used For Model

The entire faculty and administration and representatives of the Board of Trustees of Oceanside-Carlsbad Junior College visited the Chaffey College campus in Alta Loma this week to look over the new campus here.

Oceanside is scheduled to build its own new junior college campus in the near future and decided to visit Chaffey en masse because of the local school's reputation for having secured maximum value at a relatively low per square-foot building cost.

Leading the 27 member delegation from Oceanside were Board member Clint Vedley and District Superintendent H. S. Packwood. On hand to greet the visitors were Chaffey College President Dr. Daniel B. Milliken, Director Rex W. Wignall, Comptroller William Grigsby and Dean of Instruction Olof Snyder. Division Heads and faculty members gave the visitors an escorted tour of the campus.
